

Premier[®]
Education Group

The 100 club incentive scheme has been so successful over the past 4 years that £100k turnover has become 'the norm'.

YOU are raising the bar to drive standards and achievements even further!

The incentives have been used to good effect by franchisees and therefore many own multiple territories. Each year there are less and less new territories available and soon there will be none so we need to change the incentive scheme.

Introducing... **Going for Gold!**

New scheme is based around people growing 'business' including single territories or multiple territories.

Each milestone includes varying levels of bespoke support locally to help you to continue to grow your business further, plus some recognition and reward!

The three milestones are as follows:

Bronze

Combined business turnover: £500,000 (Wholly owned territories, excludes minor shares)

- Accounts deadline met and in the appropriate format.
- Commissionable income (Curricular and holiday) to account for a minimum of 50% of turnover.

Silver

Combined business turnover: £750,000 (Wholly owned territories, excludes minor shares)

- Accounts deadline met and in the appropriate format.
- Commissionable income (Curricular and holiday) to account for a minimum of 50% of turnover.

Gold

Combined business turnover: £1million (Wholly owned territories, excludes minor shares)

- Accounts deadline met and in the appropriate format.
- Commissionable income (Curricular and holiday) to account for a minimum of 50% of turnover.
