Partnership in Practice

Premier Sport is the UK's largest children's coaching company of its kind, successfully delivering more than 20,000 sport and physical activity sessions every month. Premier Sport supports teachers in their curriculum delivery and provides parents with an invaluable service before, during, after school and during holiday periods.

Babcock, one of the UK's leading training providers, has been working in partnership with Premier Sport since 2012 to deliver a range of Apprenticeships in the school sport sector within the UK.

Chris Couch, Babcock's Active Leisure Vocational Learning Advisor based in Kent, recently commented on the great relationship between the two organisations:

"Working with Premier Sport over the last twelve months has been an absolute pleasure for me as a trainer. The relationships I have made with franchise managers have been nothing but brilliant and I certainly feel this is due to the fantastic work ethic in evidence at Premier Sport. The partnership in my local area has grown from two franchisees to four with more on the horizon. It has been very encouraging to see that the quality of apprentices employed has been exceptional and I have found their dedication and application towards their NVQ to be very professional."

Recently, working with Ben Pattenden (franchise manager), we were able to organise a night for the apprentices and coaches to discuss future projects including the future Apprenticeship options and with the support of Canterbury Christ Church University they were able to present options for a long term career in teaching.

With attendees including five franchise managers plus staff, I felt the night only strengthened the relationship between Babcock and Premier Sport, showing that together we are determined to provide every opportunity for staff to progress and help them towards a long term career within the industry."

For more information around recruiting an apprentice or offering an apprenticeship to existing staff please contact Babcock on:
